<sup>3</sup> Independent Contractor

-  Lakes & Rivers
-  Lithic Contacts
-  Roads
-  Topography (100 Contours)

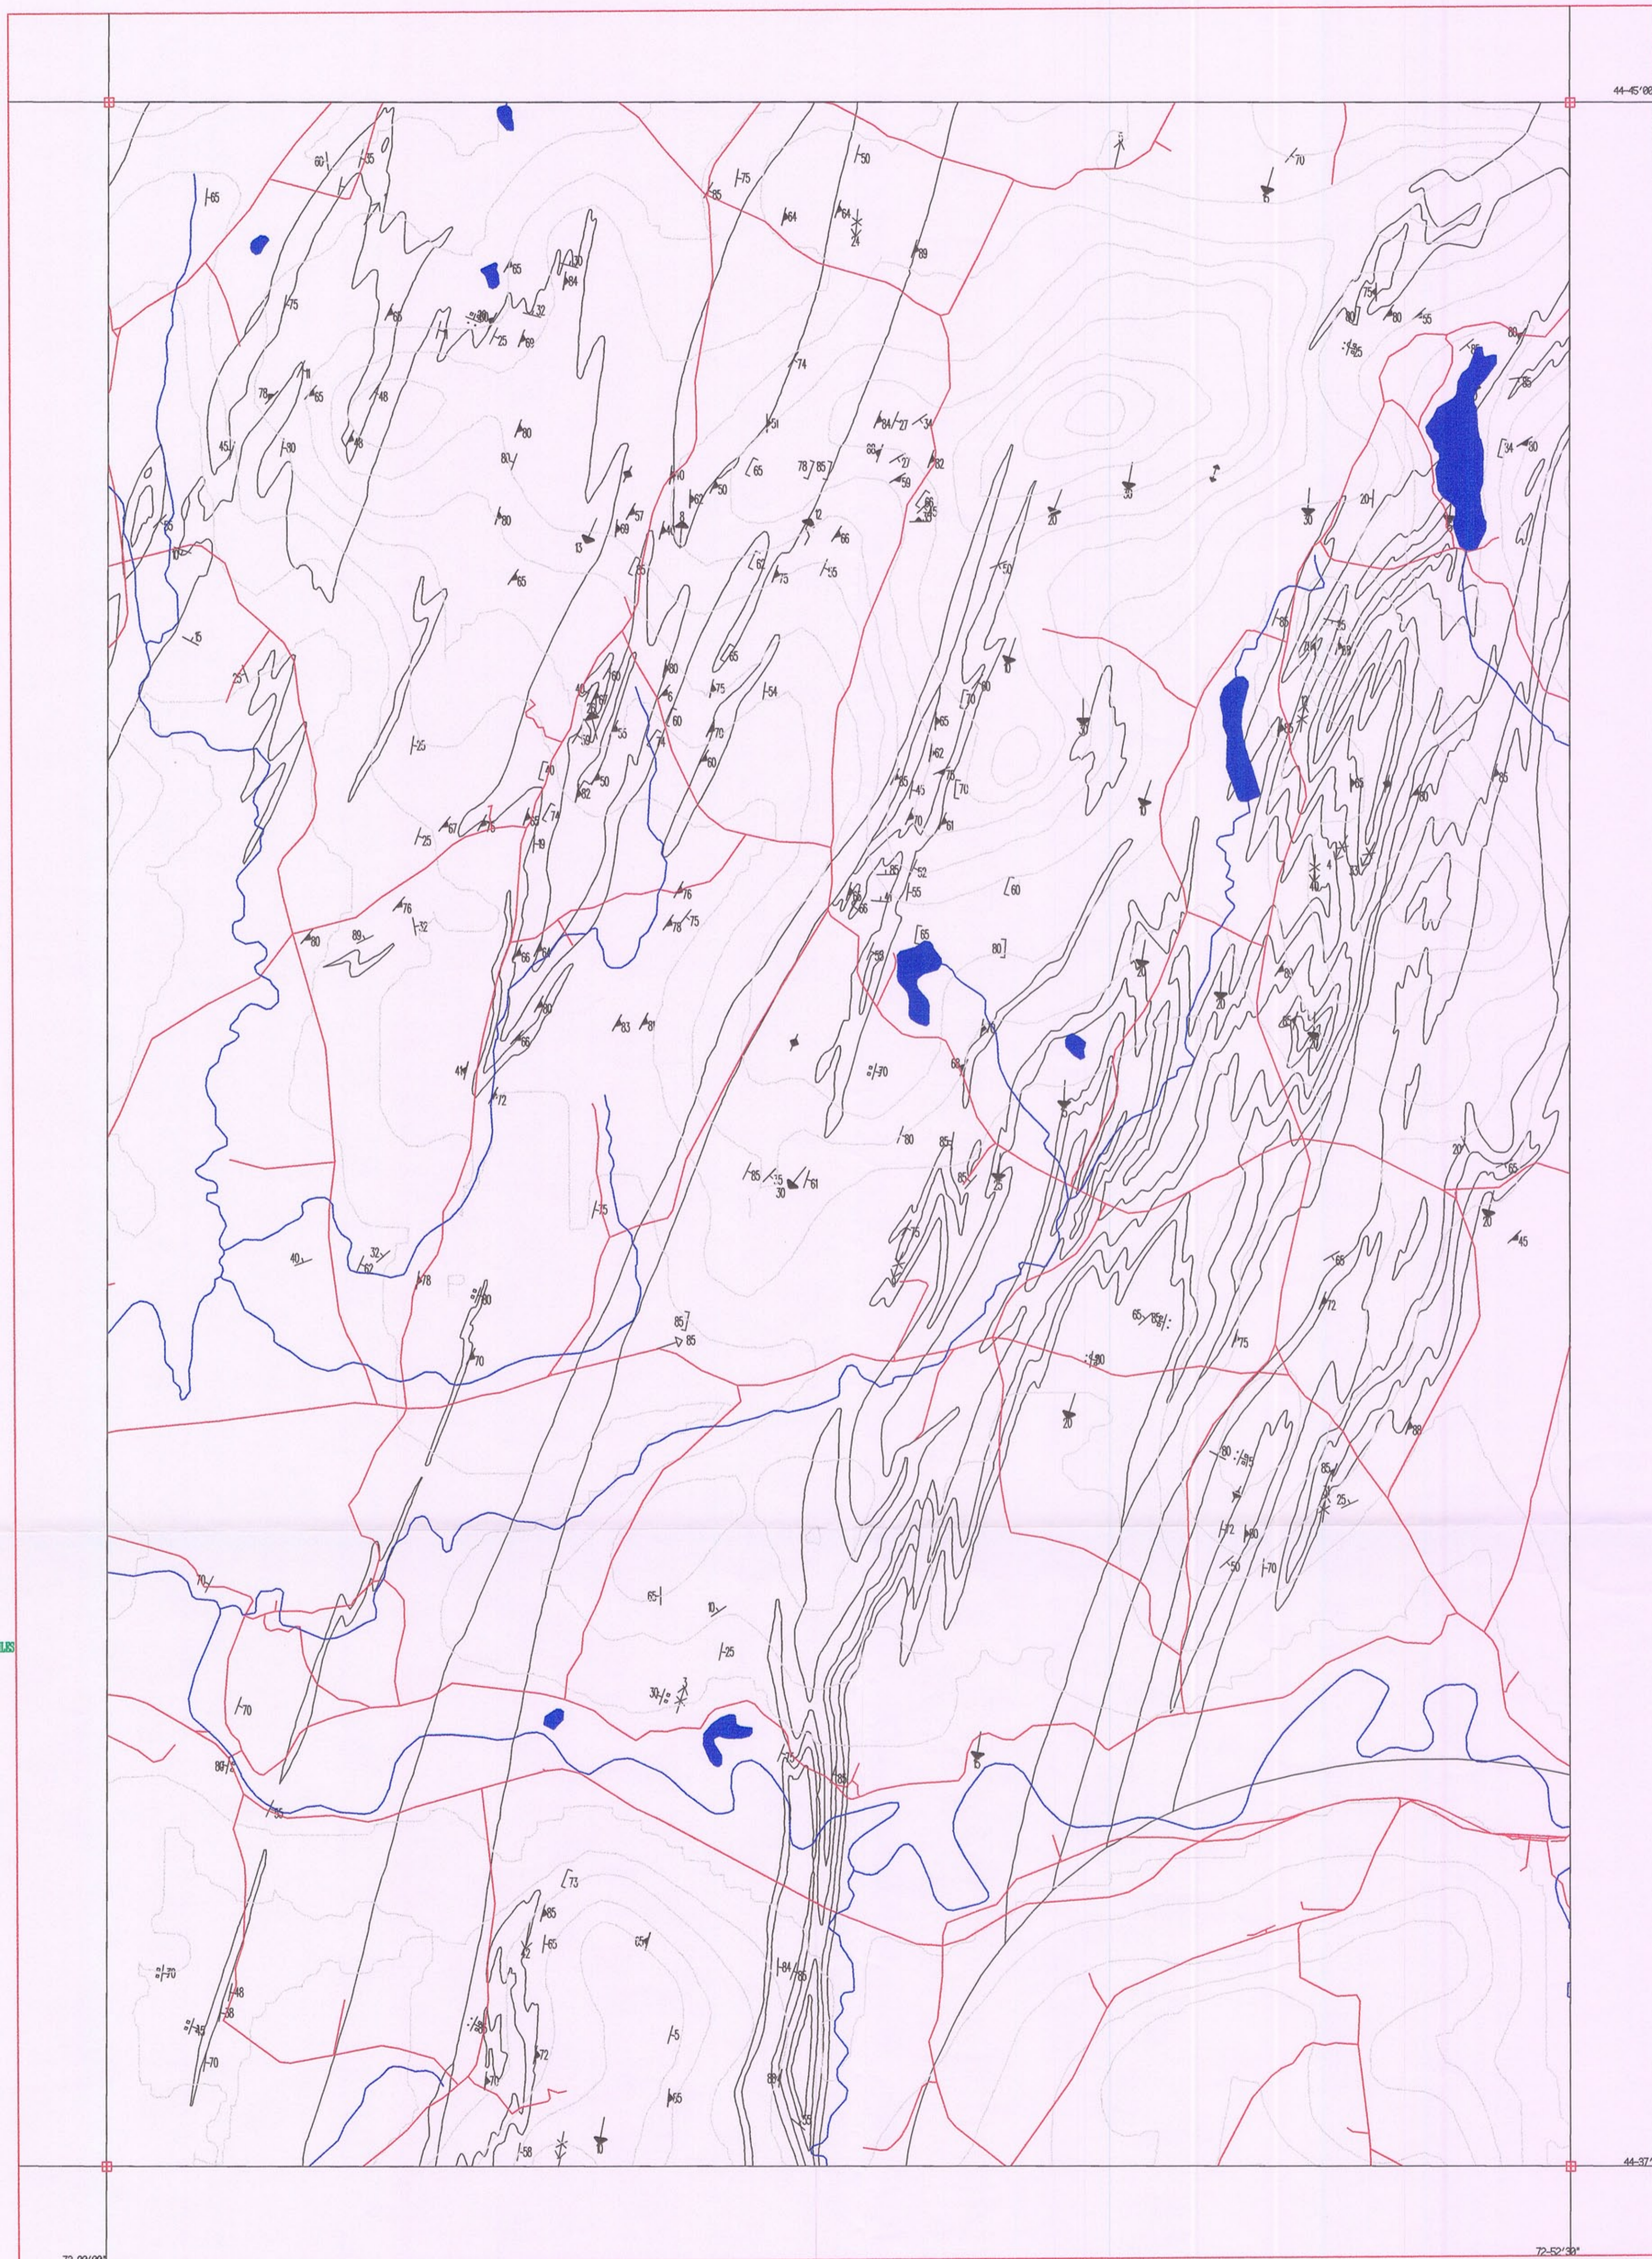

Scale 1:24000

This report is preliminary and has not been reviewed for conformity with Vermont Geological Survey editorial standards (or with the North American Stratigraphic Code). Any use of trade names is for descriptive purposes only and does not imply endorsement by the Vermont Geological Survey.

The accuracy of data layers shown on this map is limited by the accuracy of the source materials. Although every effort has been made to assure the accuracy of features and their attributes, the Agency of Natural Resources is not responsible for errors in or misuse of the data. The data is subject to revision at any time and the map user is responsible for contacting the developer of the data layer for data updates. The information used in preparing the data layer represents the best data possessed by ANR at the time of production. No warranty as to the accuracy or the usefulness of the data is expressed or implied.

Explanation of Map Symbols

-  Strike and dip of bedding (S<sub>0</sub>)
-  Strike and dip of overturned bedding (S<sub>1</sub>)
-  Strike and dip of graded bedding (S<sub>2</sub>)
-  Strike and dip of overturned graded bedding (S<sub>3</sub>)
-  Strike and dip of S<sub>1</sub> cleavage
-  Inclined
-  Vertical
-  Strike and dip of S<sub>2</sub> cleavage
-  Inclined
-  Vertical
-  Intersection lineation of S<sub>0</sub> and S<sub>1</sub>
-  Minor F1 fold axis
-  Minor F1 fold axis, horizontal
-  Minor F2 fold axis
