**Municipal Pollution Control Projects
Priority List for State FY 2009
Amendment**

Municipalities and Interested Parties:

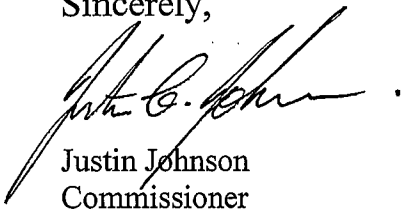

On December 22, 2008, pursuant to the authority provided in the State of Vermont Municipal Pollution Control Priority System, the Department of Environmental Conservation adopted The FY 2009 Pollution Control Projects Priority List. In accord with Sections 410 and 420 of the Municipal Pollution Control Priority System the Department has reviewed the status of projects on that List and the requests of municipalities for funding of projects not included on the Construction Projects portion of the List. On June 15, 2009 the Department proposed to amend the List as specified below and requested that all comments be submitted by June 26. No comments were received.

The Department of Environmental Conservation amends the FY 2009 Pollution Control Construction Projects Priority List as attached.

The amended FY 2009 Pollution Control Construction Projects Priority List is available at the Facilities' Engineering Division Web Site, www.anr.state.vt.us/dec/fed/FMS.htm . If you do not have access to the internet you may contact Winslow Ladue to receive any documents by e-mail or United States Post.

Any questions on this amendment, or the Priority List in general should be directed to Winslow Ladue at 802-241-3404 or Winslow.Ladue@state.vt.us .

Sincerely,

Justin Johnson
Commissioner

Vermont Agency of Natural Resources
 Department of Environmental Conservation

1 Project is a candidate for ARRA funds and may receive funding base on availability of funding, project readiness to proceed, and priority points. Should ARRA funds be awarded, SRF loan value will be reduce by loan principle forgiveness using ARRA program criteria.

2 Project is to be in part funded by a State Grant from the 2009 State legislative session
