PERMIT AND LICENSE INFORMATION

**AIR POLLUTION CONTROL OPERATING PERMIT:
 STATIONARY SOURCES**

SUMMARY DESCRIPTION OF PERMIT	The primary objective of the review and permitting of stationary sources is to ensure continuous compliance with all applicable requirements and also to provide the source with one document that identifies all its obligations related to air pollution control. Projects must demonstrate compliance with both state and federal standards.
EXAMPLE OF REGULATED ACTIVITY	Projects that are classified as a stationary source of air contaminants require permits. These include: industrial processes (furniture manufacturing, coating operations, plywood and veneer manufacturing, concrete batching, hot mix asphalt production), fuel burning equipment (diesel engines, boilers and gas turbines depending on size and fuel type), and mineral processing operations (rock crushing and/or screening operations).
CRITERIA FOR JURISDICTION	<ol style="list-style-type: none"> 1. The source is classified under Section 5-401 of the <i>Vermont Air Pollution Control Regulations</i>, and 2. the source has allowable emissions in aggregate of 10 tons per year or more of air contaminants, or 3. the source is subject to Section 5-261 of the <i>Vermont Air Pollution Control Regulations</i>, or 4. the source is subject to any federal air pollution control regulation under Section 111, 112, or Title IV of the federal <i>Clean Air Act</i>.
INFORMATION REQUIRED	<ol style="list-style-type: none"> (i) general information regarding the project and source; (ii) description of processes and equipment specifications; (iii) quantification of pollutant emissions; (iv) control technology analysis (where required), including analysis of pollution prevention techniques; (v) demonstrations of compliance with applicable requirements, including a compliance schedule if necessary, and (vi) ambient air quality impact evaluations (where required).
WEB ADDRESS	http://www.anr.state.vt.us/air/Permitting/htm/OperatePermits.htm
FEES	None
APPLICATION TIME FRAME	The performance standard for processing a complete application is 300 days for new operating permit with a hearing; 150 days for a permit renewal with a hearing
