CONSTRUCTION PERMIT – FIRE PREVENTION AND BUILDING

SUMMARY DESCRIPTION OF PERMIT A construction permit is required for new construction and alterations of public buildings to ensure that requirements for fire prevention and safety are met and that access for persons with disabilities is provided.

INFORMATION REQUIRED An application for a permit is submitted to the regional office along with construction plans. The plans are reviewed for compliance with applicable codes and the applicant is notified in writing of any changes needed prior to the start of construction.

WEB ADDRESS <http://www.vtfiresafety.org>

FEES The construction permit fee is \$5.50 per \$1000.00 of construction valuation for new construction and for alterations/renovations to public buildings. The minimum fee is \$50.00 and the maximum is \$185,000.

APPLICATION TIMEFRAME 90% of the permit applications are reviewed in less than 30 days.
