

"Performance-Based" Systems Permitted By Region as of December, 2004

"Performance-Based" systems (186) - by Region

- Barre
- ▲ Essex
- Rutland
- Springfield
- St. Johnsbury
- Town Boundaries

NOTES: Data from DEC, Wastewater Management Division Regional Offices. 212 data points were reported. Of that data, 15 reports had no XY coordinates. 7 reports had unintelligible coordinates. 3 reports contained system points outside of the State boundary. 1 report contained a point outside of the region in which it was collected. 186 remaining data points were projected into Vermont State Plane Coordinates using NAD83 Datum. Mapping by Dept. of Housing & Community Affairs, January, 2005.
