REDUCE OR ELIMINATE COMBINED SEWER OVERFLOWS

Vermont Agency of Natural Resources

The Vermont Agency of Natural Resources has funding available to help Vermont municipalities fast-track planned combined sewer overflow (CSO) abatement projects that will reduce pollution in streams and lakes.

Download the SFY 23 Clean Water State Revolving Fund (CWSRF) Project Priority List <u>Application</u>.

The application is a fillable Adobe PDF. PDF software will be needed to complete the application.

Complete the SFY 23 CWSRF Project Priority List Application.

The application will take 1-2 hours to complete.

3

Submit application

Submit the SFY 23 CWSRF Project Priority List Application.

Grant awards are being made for eligible project costs to the highest ranking CSO projects on the Project Priority List.

Submit a Project Cost Summary.

Projects in the fundable range will be notified and will need to submit project cost summaries, final designs, and other information to detail the eligible project costs.
