5. Discussion of Draft Report for EO Section III.D.(4) (Vose)

Vose indicated that the ICCM did not have any recommendations to include in this biennial report. No comments or questions from CAP or interested parties.

Walke opened the meeting to any additional comments and questions. Rumelt asked whether the ICCM had capacity to work on chemical management issues during the pandemic. Walke indicated that the ICCM is continuing to meet, however it hasn't been with the same focus due to acute public health issues related to the COVID-19 pandemic that each of its members are involved with. However the ICCM still continues its work in a meaningful way. Vose added that they were doing their best to sustain the ICCM's work in the background. Rumelt asked for clarification on page 8 of the report, where it references mapping tools through the website. Wuestenberg and Walke indicated the website would contain links to mapping tools.

Motion to adjourn by Vose, seconded by Barth. The ICCM voted to adjourn.
